

At a party long ago (Turning water into wine)

At a party long ago
After food and wine had flowed
Mary saw supplies were low
And called for Jesus
Who turned water into wine
At the wedding as a sign
That God's love's there all the time
For everyone of us

*The ...signs and wonders
That ...Jesus did
Point us to God's mighty power
And love for you and me,
They ...make us think
And they ..build our faith
Feel the Father's love stretch out today;
He cares for you still!*

Though the time had not begun
For His ministry to come
Jesus heard his mother's call
And he was generous,
With a power so divine
He turned water into wine
So the party would be fine
For all attending.
